

Real Estate, Loans and Insurance SAY NEIGHBOR! DO YOU PAY RENT?

Let us figure with you. Suppose you pay \$25.00 rent per month, that is \$300 per year. \$300.00 per year is worth \$36 in interest. In three years you have paid in round numbers \$1,000.00. And still the other fellow owns the house and lot, at a probable increased value.

WHY DON'T YOU COME TO US, BUY A LOT AND BUILD A HOUSE?

WE LOAN MONEY

Instead of paying for the other fellow's house, why not pay in the same way for one of your own? See the point? Of course you do. Take your pencil and figure it out; it's easy. Then come and see us.

Not Revision, But Reduction

The people want tariff reduction. Tariff revision is a cunningly devised word to cause an increase in rates. But if the people wish tariff reduction they must turn out the rascals who are owned by the trusts.—Louisville Courier-Journal.

HORRIBLE CRIME AT ROOSEVELT

(Continued from Page One)

with her aunt, Mrs. Nelson. She left for Roosevelt last evening. The oldest son, Logan, aged 20, is working at Tonto. The other children, a girl of 11 years and a boy of 9, were at school at Roosevelt at the time of their mother's tragic death.

Work on New Clue

Shortly after 10 o'clock last night Sheriff Thompson arrived at Livingston and called on Roosevelt, telling Mr. Harris that he would arrive there in about an hour and a half. Mr. Harris, who is in the government employ, told the sheriff that a telephone message had been received from Fish Creek, between Mesa and Roosevelt, stating that two suspicious looking Mexicans had passed that place on foot early last evening and that Ranger Holmes was preparing to go out after them, as they seemed to fit the description given by the negro Baldwin. Mr. Harris asked the sheriff to request the ranger to remain in Roosevelt until he, the sheriff, arrived, as there was no other officer in the town, and Holmes told Sheriff Thompson that he would wait and turn Baldwin over to him.

Shoes Fit Tracks

District Attorney Stoneman received a message last evening stating that in the event of an attempted lynching of the negro Baldwin, Ranger Holmes would make every effort to protect the prisoner. After an investigation of the scene of the crime it was learned that there were only one pair of tracks other than those of the woman and child, and that Baldwin's shoes fitted in these tracks exactly.

Inquest Today

Owing to the absence of J. C. Evans, justice of the peace at Roosevelt, and the improbability of his return by tomorrow, a message was sent to Judge Thomas last evening, requesting him to go to Roosevelt to conduct the inquest over the remains of the two victims.

Judge Thomas will leave this morning and he will be accompanied by District Attorney Stoneman, Assistant District Attorney Henry and a stenographer.

In answer to a message received last evening F. L. Jones, the undertaker, left last night for Roosevelt for the purpose of embalming the bodies, and he took with him two caskets for the murdered mother and child.

CITY OFFICERS SUBMIT BONDS

Council Passes Three New Ordinances and Discusses Important Matter

Three new ordinances were the result of last evening's regular meeting of the city council, at which all were present except Aldermen Murphy and Gibson. Ordinance 12 covers the street tax and regulations regarding its collection; No. 13 allows semi-monthlies to transact business at a cost of fifteen simoleons per quarter, which pays for a permit given by the city marshal, but permits will only be granted for the carrying on of this line of business outside of the 400-yard limit and the fifteen pieces of silver must be paid into the exchequer of the municipality before the three months' permit is granted. No. 14 relates to sidewalk building, grades and the appointment of a city engineer.

City Marshal Carico submitted the names of Pollard Pearson and S. R. Lowthian as his deputies, and the council approved of his selections. Howard T. Wayne was selected as city engineer by unanimous action.

The question of moving the red lights to another quarter of the city was taken up and there seemed to be a general disposition to take action on the matter in the near future. A petition of I. Selinger asking for permission to erect a fourteen-foot building on the Broad street bridge over Pinal creek was laid on the table.
